

Prytania Investment Advisors LLP Pillar 3 Disclosure and Policy for a Full Scope UK AIFM (Collective Portfolio Management Investment Firm)

Introduction

Regulatory Context

The Pillar 3 disclosure of Prytania Investment Advisors LLP (“the Firm”) is set out below as required by the FCA’s “Prudential Sourcebook for Banks, Building Societies and Investment Firms” (BIPRU) specifically [BIPRU 11.3.3 R](#). This is a requirement which stems from the UK’s CRD III implementing Regulations which represented the European Union’s application of the Basel Capital Accord. The Firm is no longer formally subject to CRD but remain subject to the UK’s implementation Regulations of CRD III. The regulatory aim of the disclosures is to improve market discipline.

Frequency

The Firm will be making Pillar 3 disclosures at least annually. The disclosures will be as at the Accounting Reference Date (“ARD”).

Media and Location

The disclosure will be published on our website.

Verification

The information contained in this document has not been audited by the Firm’s external auditors, as this is not a requirement, and does not constitute any form of financial statement and must not be relied upon in making any judgement on the Firm.

Materiality

The Firm regards information as material in disclosures if its omission or misstatement could change or influence the assessment or decision of a user relying on that information for the purpose of making economic decisions. If the Firm deems a certain disclosure to be immaterial, it may be omitted from this Statement.

Confidentiality

The Firm regards information as proprietary if sharing that information with the public would undermine its competitive position. Proprietary information may include information on products or systems which, if shared with competitors, would render the Firm’s investments therein less valuable. Further, the Firm must regard information as confidential if there are obligations to customers or other counterparty relationships binding the Firm to confidentiality. In the event that any such information is omitted, we shall disclose such and explain the grounds why it has not been disclosed.

Summary

The CRD, to which the Firm remains subject as a consequence of the UK CRDIII implementing Regulations, have three pillars; Pillar 1 deals with minimum capital requirements; Pillar 2 deals with Internal Capital Adequacy Assessment Process (“ICAAP”)

undertaken by a firm and the Supervisory Review and Evaluation Process through which the Firm and Regulator satisfy themselves on the adequacy of capital held by the Firm in relation to the risks it faces and; Pillar 3 which deals with public disclosure of risk management policies, capital resources and capital requirements.

The regulatory aim of the disclosure is to improve market discipline.

The Firm is a Full Scope UK AIFM of EEA AIFs and also undertakes additional activities which result in the Firm being a BIPRU firm. It acts solely as agent, so the main protection to our customers is provided through client money and asset arrangements. The Firm's greatest risks have been identified as business and operational risk. The Firm is required to disclose its risk management objectives and policies for each separate category of risk which include the strategies and processes to manage those risks; the structure and organisation of the relevant risk management function or other appropriate arrangement; the scope and nature of risk reporting and measurement systems; and the policies for hedging and mitigating risk, and the strategies and processes for monitoring the continuing effectiveness of hedges and mitigants.

The Firm has assessed business and operational risks in its ICAAP and set out appropriate actions to manage them.

A number of key operations are outsourced by our clients, typically the AIFs we are an AIFM to, to third party providers such as administrators reducing our exposure to operational risk. The Firm has an operational risk framework (described below) in place to mitigate operational risk. The Firm's main exposures to credit risk are the risk that management and performance fees cannot be collected and the risk that strategic investments into its own funds cannot be recovered, therefore, credit risk is considered low. The Firm holds all cash balances with banks assigned high credit ratings.

Market Risk exposure has been assessed by the Firm and is limited to the Firm's exposure to

1. foreign currency exchange rate risk and hence to any assets held on the Firm's Balance Sheet denominated in a foreign currency. The Firm's Reporting Currency is GBP and all foreign currency assets are converted into GBP where possible on a regular basis.
2. market and interest rate risk, the strategic investments into the Funds where the Firm is the Investment Manager. Interest rate risk being mitigated by underlying investments being in floating rate assets.

Overall Pillar 2 Rule

The Firm has adopted the “Pillar 1 plus” “Structured” approach to the calculation of its ICAAP Capital Resources Requirement as outlined in the Committee of European Banking Supervisors Paper, 25 January 2006.

The ICAAP assessment is reviewed by the Executive Committee and amended where necessary, on a quarterly basis or when a material change to the business occurs. The Executive Committee presents the ICAAP document to the Governing Body of the Firm which reviews and endorses the risk management objective each quarter or when a material change to the business occurs at the same time as reviewing and signing off the ICAAP document.

BIPRU 11.5.8

Disclosure: Credit Risk and Dilution Risk

The Firm is primarily exposed to Credit Risk from the risk of non-collection of management and advisory fees and its strategic investment into its own funds. It holds all cash balances with Banks assigned high credit ratings. Consequently risk of past due or impaired exposures is minimal. A financial asset is past due when a counterparty has failed to make a payment when contractually due. Impairment is defined as a reduction in the recoverable amount of a fixed asset or goodwill below its carrying amount.
